

# High Power Kit

## Charger and Hybrid Cable

The High-Power Kit maximizes your charging power on the road with a 3 USB car charger and hybrid USB-C and Micro USB cable. Perfect for power-heavy mobile lifestyles, the Trio USB Mini is able to rapid charge up to three devices simultaneously at tablet-friendly 2.4A maximum speeds! Say goodbye to bulky chargers that barely fit into your console, or having to carry around multiple cables for different devices, the included cable has a built-in adapter that offers a quick and seamless transformation from Micro USB to USB-C, while the charger itself has a low-profile. No matter where the road takes you, Get There Fully Charged!
