

# CORE 2-in-1

## Charging Dock + Wireless Power Bank

Works with all  
Qi-enabled devices

Revolutionize your charging routine. The Core 2-in-1 combines a wireless power bank and a charging dock so you can enjoy wireless charging indoors and on the go. The transition is seamless! The power bank recharges itself whenever it's in the dock, so it will always be ready when you need it. With 2 extra USB ports built into the base and the power bank itself, you can charge up to 3 devices in power bank or dock mode.
